

Bicton Park Botanical Gardens

School visits

Bicton Park Botanical Gardens, set in the picturesque Otter Valley near the Jurassic Coast World Heritage Site of East Devon, is one of Britain's most beautiful historic gardens. With a blend of 18th-century tranquillity and modern facilities, we offer enjoyment for people of all ages throughout the four seasons. We welcome group visits and can accommodate large numbers in un crowded comfort in our 63 acres (25 hectares) of Grade 1 listed gardens and parkland.

In order to qualify for the group rate, there must be a minimum of 16 children, with accompanying adults receiving free admittance. (These adults must be here to supervise attending pupils only)

We can offer you a tailor made package to suit your Schools individual needs, whether it be, a seed planting demonstration, a guided tour of the Countryside Museum, or just a relaxing outing for the Children. We pride ourselves on flexibility and being able to create the best day out for your School.

- **S**eed planting: Spend an intimate session with one of our experienced gardeners taking you through the ins and outs of seed and plant growth, through conservation and care.
- **M**useum tour: Take a step back through History and visit the Countryside Museum and see many restored artefacts and machinery of rural life from days gone by. A guided tour with working demonstrations is a treat for any age.
- **T**ree faces: For something a little different, find the faces on certain trees around the park and mark down what you see.

Bicton Park Botanical Gardens
